

Product Specifications

MODERN ONE DRAWER BEDSIDE CABINET - LFM TC1

CONSTRUCTION

- Metal to metal cam-lock and wood dowel construction for easy replacement.
- 3/4" thick material construction.
- All product edges are heat sealed to ensure no raw materials are exposed and assist in preventing the infiltration of bacteria.
- Top is featureless, in 3/4" thermally fused laminate with heat-sealed PVC edges.
- 1 drawer: Interior has 5/8" white thermally-fused laminate bottom and back, with white metal sides and unobstructed tracks for partial extension.
- Drawer front is made of 3/4" thermally fused laminate with heat-sealed PVC edges. H162 full grip handle.
- 1 open section with 1 adjustable shelf.
- The beside cabinet is constructed with 1 vent to ensure good and adequate airflow.
- 6" H tubular metal legs with satin nickel finish and height adjustable, non-marking glides.

FINISHES

- Materials available: thermally-fused laminate and high pressure laminate.
- Selection of 6 colors and 3 full grip pulls available.

DIMENSIONS

20"d x 18"w x 32"h
24"d x 18"w x 32"h

OPTIONS

- 6" H oval metal legs with satin nickel finish and height adjustable, non-marking glides.
- 4 locking, swivel polyurethane casters. Logiflex will then remove the kick plate and adjust the unit to the desired height.
- White plastic drawer liner for top drawer.
- Locks.
- Models presented are suggestions: they can be customized to meet individual needs.

MANUFACTURING RESPONSABILITY

- Limited Lifetime Warranty.
- Products are manufactured in North America and comply with ISO9001 and Indoor Advantage Gold.
