COM Fabrics

How to Order COM Fabrics

Logiflex offers the option of providing your own upholstery. The price will be based on the cushion grade 2.

Orders with a COM fabric must be written clearly and indicate the color, pattern, width of the fabric and the manufacturer or distributor. The customer is responsible for providing a 12" x 12" sample to Logiflex for approval of the upholstery and the COM Fabric Sample - Approval Form. Furthermore, Logiflex reserves the right to refuse any upholstery that does not meet Logiflex selection criteria.

COM fabrics must be delivered to the Logiflex factory with freight and duties paid. For COM orders, the order's delivery date is set once Logiflex has received all fabric rolls required for production, following sample approval. All charges to COM acquisition on the customer's behalf will be passed onto the customer.

Logiflex does not assume responsibility for upholstery availability, quality, performance or appearance. In addition, the Logiflex warranty excludes customer's own materials.

COM upholstery delivery:

The following information must be included with the COM upholstery delivery and be communicated to the account manager along with the purchase order:

Customer name
Purchase order number
Upholstery supplier name
Pattern name/number
Color name/number
Number of yards delivered
