Our social responsibility / Conditions of Sale and Warranty

Our social responsibility

At Logiflex, we have chosen to be a responsible North American manufacturer by implementing initiatives for sustainable development. As much as possible, we source local materials and partner with suppliers who prioritize clean manufacturing processes. We also consolidate goods during transport to reduce our fuel consumption and we continually make changes that help reduce our waste production.

The company is ISO 9001 certified.

You can consult our eco-responsible approach as well as all our certifications in the [Certifications](#) section of our website. Find out how our products can help you obtain LEED credits and the Logiflex products that are Indoor Advantage Gold certified.

Prices

The amounts listed in this document are suggested retail prices and may be changed without notice. Applicable taxes are not included. If you have an open and active account with Logiflex, merchandise will be invoiced at the prices prevailing at the time of shipment. A deposit may be requested if the opening of your account has not been completed or if your account has become inactive.

Terms of Payment

Returns

All returns must first be approved by Logiflex. If the return is accepted, a Logiflex customer service representative will send you an official return authorization form in order to facilitate procedures between you, the carrier, and the Logiflex merchandise reception clerk. Additional costs for shipping or other expenses may be applied following any merchandise returns.

Modifications and/or Cancellations

You have 48 hours from the time we acknowledge receipt of your order to make any requests for corrections or modifications. You may cancel your order during this same 48-hour period. If you would like to modify or cancel your order after this 48-hour verification period, please check with a Logiflex customer service representative. Orders cannot be changed or cancelled if production has already begun or if Logiflex has already received the raw materials.

Liability

Logiflex's liability ends once the carrier has delivered all items in good condition. A delivery receipt signed by the customer acknowledges that the shipment is complete and has been received in good condition.

Claims

Logiflex recommends inspecting the shipment before signing the carrier's delivery receipt. You must notify Logiflex of any incomplete shipments or damaged furniture within 30 days after delivery. Requests to replace damaged products can be made via the "Online Services" section of our website, at www.logiflex.ca. Our after-sales service department will examine your request and help you correct the situation.
